In reference to the naming a group policy:

Ask yourself whether the issue is the policy or the implementation of the policy.

Each group costs WSO \$337.53 Per year. If each group gave \$30 per month, as they have done in the past; WSO would just about break even. Of course your group's expenses come first; such as rent, etc..

Thank you for the wonderful love gifts.

Continuing discussions and unanswered questions

The consent agenda as well as other documents are all on the Hawaii alanon website. The password is in capital letters AFG.

Tom; we made \$205.00 by passing around the seventh tradition basket.

Alternate Delegate's Time – Sandy S

We worked on a thought force concerning where to have our assemblies. We attended a hybrid assembly only to find out that we couldn't really hear what was going on. After reviewing the surveys we sent out, studying the historic information on assemblies and weighing the financial aspects; it was decided to stay as it is for this panel. We will closely monitor cost, encourage members to be aware of the expenses, to do fundraisers etc. Also to check into the lower cost for housing such as staying in condos, using community spaces for our meetings and staying at members homes; as we have done in the past.

It was suggested that we do online surveys instead of written ones,since they are quicker and easier.

It was also suggested that we do the less expensive assemblies(on Oahu) in the fall; when we do voting. We could have the spring assemblies on different islands. In this way, more people could afford to attend; when they need to vote.

**Sophie: the next panel may decide to switch assemblies and have the fall assemblies on Oahu**
