

2025 WSC Delegate's Report Part II

“Investing in Each Other to Preserve Our Legacy”

When we conclude our days together at Conference, united in the theme of “Investing in Each Other to Preserve Our Legacy,” we will embark on a journey of reflection and connection. Our visit to Stepping Stones offers more than a glimpse into history—it invites us to engage with the spiritual foundation of our fellowship, a space where recovery for families and friends of alcoholics began to take shape.

This experience calls us to deepen our understanding of Al-Anon’s beginnings and renew our commitment to its principles. Walking the grounds where Lois lived, we connect with the early efforts that nurtured a vision of hope and healing. These moments reveal that the strength of Al-Anon lies in its simplicity—one member helping another—and in the enduring principles that continue to guide us today.
